La SEINE en Châtillonnais

Christian Labeaune

1975 - 2016

Je ne vous l'avais pas encore dit
mais derrière chez moi coule la Seine.
Je suis presque né dedans, hé oui…
Ici, elle ne s'appelle que rivière (pas encore fleuve)
mais elle peut quitter son lit (pas vraiment depuis 1956).
J'y ai appris à nager (pas encore de piscine)
et depuis que j'utilise les appareils photo (1965),
j'ai accumulé un grand nombre d'images (3000).
En voici quelques-unes, à travers le temps et les saisons,
depuis sa source jusqu'à Mussy-sur-Seine.
